ROLLINS ALUMNI RECORD

No. 7

OCTOBER, 1961

VOL. XXXVIII

FIELD HOUSE FUND PASSES \$100,000 MARK

321 NEW STUDENTS

Three hundred and twenty-one new students were welcomed to the Rollins Campus during orientation week. Forty-three are transfer students and 48 are day students from the Winter Park-Orlando area. Newcomers are from eight foreign countries and 34 states.

Foreign students represent France, Netherlands, Canada, Cuba, Germany, China, Colombia and Venezuela. From points in the U.S. farthest from Winter Park are freshmen from California, Oregon, Maine and Wisconsin.

There will be 249 boarding freshmen on the Campus and 121 of them are men students. Entering students from Florida, including the Winter Park-Orlando area make up one-third of the entering group.

New York again claims second place with 27 students while New Jersey and Ohio tie for third place with 20 each. Seventeen came from Illinois, 15 from Connecticut and 14 from Massachusetts.

A total of 209 courses are offered to new and returning students this year.

"How to Study Week" attendance grew this year, the second, to 92. Inaugurated last year by President McKean, the course is aimed at giving new students a practical introduction to college life. Orientation week followed when all entering students were introduced to Rollins and told of the traditions, philosophy and expectations of the College. Included in the schedule for the week were meetings with faculty advisers, placement tests. The orientation program will continue on a weekly basis during the fall term.

The 1962 Alumni Reunion, the sixth under the plan adopted in 1957, will be held on Campus the weekend of April 27, 28, 29. Anniversary classes, those with numerals ending in 2 and 7, will be guests of honor at the annual celebration. All graduates and former students are invited to return to the Campus for this special weekend—just for Alumni. It's not too early to begin making plans to attend.

BASEBALL WEEK

The second annual Baseball Tournament at Rollins has been set for the week of March 26-31, 1962. Teams from Amherst, Duke University, Princeton University and Rollins will participate.

PATRONS INVITATIONS

Again this year we are sending out invitations to the friends of Rollins College to become patrons for the year 1961-62.

Patrons contribute \$50.00 annually (\$100 for a husband and wife) to the Diamond Jubilee Fund which is used to strengthen faculty salaries. Patrons are guests of the College at the annual Founders Week dinner, and seats are reserved for them at important academic functions.

Every Alumnus is cordially invited to join with the many non-alumni friends of Rollins and become a patron of the College. Please consider this a formal invitation to every graduate and former student who wishes to join in this Rollins activity. This method is being used for all our Alumni, however your name will be placed on the Patron's invitation list if you wish.

Checks may be sent to Alumni House or the College. Alumni Patrons contributions will be credited to the Alumni Fund.

CENTRAL FLORIDA CLUB PROGRAM

Members of the Central Florida Alumni Club were the guests of the Annie Russell Theatre at a special dress rehearsal of the opening play of the 1961-62 season Sunday night, Nov. 12 at 8:00 o'clock. "Thieves Carnival," a comedy by Jean Anouilh, was the first presentation and the special performance was especially for Rollins Alumni, their husbands, wives and dates.

A special program of events for the year is being prepared by officers and directors of the club which will include free admission to the first basketball game of the season, Dec. 2, when the Tars will meet Huntingdon College of Montgomery, Ala. Club members also are invited to attend the first baseball game of the home season March 22 when Rollins plays Ohio State University at Harper-Shepherd Field. Also on the program is the annual Reunion Dance, during Reunion Weekend, April 27, 28, 29.

More than \$100,000 has been given and pledged to the Field House Fund, according to H. S. Lauterbach '37, national chairman for the campaign, who was recently in Winter Park working with committee members. This amount has come from 418 Alumni Contributors and 27 non-alumni sources which include the Rollins Student Council, fraternities and sororities on the Campus, members of the classes of 1959, 1960 and 1961, in the form of class gifts from the graduating classes, local corporations and friends of the college and the late Dean Enyart.

The gifts and pledges to the campaign up to now are as follows:

Amount	Number
\$15,000	1
5,000	5
3,000	2
2,500 to 3,000	1
2,000 to 2,500	1
1,500 to 2,000	1
1,000 to 1,500	13
500 to 1,000	16
Under 500	405

Plans have been completed for the personal solicitation phase of this all-Alumni project to furnish this desperately needed facility for Rollins College. Organizations are being set up in every section of the country where there are concentrations of Rollins Alumni. Area chairmen and workers are being contacted and every effort is being made to reach every Rollins Graduate and former student, seeking their active support and help.

In urging full cooperation and financial support Chairman Lauterbach says: "Many of us already have given generously of our time and money to get a Field House for our College. So far we have been able to contact personally only a few of our fellow Alumni. We are now going into the areas where the concentration of Rollins people is greatest. We hope to reach as many of you as possible through our workers.

"A great many of you are so scattered that a personal call is impossible. I want each of you to know that you are just as important to the success of this undertaking as those readily accessible to our workers. Won't you take this as a personal solicitation and make a serious effort to contribute generously in this our first major undertaking for Rollins.

"We are most encouraged by the amount that has already been given and pledged. True, we are far from our goal but I know that we all have enough of the 'Spirit of Rollins' to rally to this great need of our College and contribute generously.

"If you would like to help out in your area please write to me in care of Alumni House. We can always use your support and help."

SPACE, SCIENCE, TECHNOLOGY INSTITUTES POSSIBLE FOR ROLLINS

ALUMNI SONS, DAUGHTERS WELCOMED

Rollins could establish a complex of colleges to meet the major educational needs of Central Florida, including a space science institute and an institute of technology, according to President Hugh F. McKean.

Speaking to a group of businessmen at the Orlando Country Club recently McKean said, "Rollins' Institute for General Studies, a new entity distinct from the liberal arts college, already offers Bachelors and Masters degrees.

"The Institute courses are fully accredited at all levels," McKean said.

"A Bachelor of General Studies degree, a Master's degree in physics, a Master's degree in business administration, and a Master of Arts in teaching are offered at present," he added. "Other programs could and will be introduced.

"The Institute was formally inaugurated last February and is planned to meet the needs of Central Florida's new industries.

"Of the 55 students now enrolled in the graduate physics program, 48 are from The Martin Company alone.

"The graduate program in business administration draws 120 students from 21 Central Florida companies. Ninety-one are from The Martin Company.

"The newest program, offering a Master of Arts in teaching, already has an enrollment of 40.

"The local undergraduate program of the Institute has an enrollment of 226. The branch of the Institute at Patrick Air Force Base has a total enrollment of 269.

"The total enrollment, therefore, of Rollins' new Institute for General Studies exceeds 700.

"The Institute in cooperation with the Columbia Broadcasting System is offering work for credit through educational television.

"Rollins was founded by men who planned for the future," McKean said. "The charter of 1885 empowered the trustees '... to establish, as their judgment and the exigencies of the case may at any time require and as their funds and property may from time to time allow, and as a part of said college, schools of every description and kind.'

"This, of course, means the trustees could establish a wide variety of schools, including a space science research institute and an institute of technology.

"Under what circumstances would the trustees follow this course? They are dedicated and thoughtful men and women. I believe they would give the most careful consideration to a request for an institute of technology and an institute of space science if it came from responsible spokesmen and if it were accompanied by tangible proof that Central Florida not only needs but will support such institutions," McKean said.

"I must point out that support for new institutions must come from new sources. Rollins' present trustees are putting hundreds of thousands of dollars into maintaining the standards and prestige of Rollins. They cannot and should not be asked to do more.

Entering students who are related to Rollins Alumni were guests of honor at the annual reception, sponsored by the Rollins Alumni Club of Central Florida, at Alumni House during Orientation Week.

Mrs. H. C. Andrews '38, left, chairman of the reception for Alumni connected freshmen welcomes sons and daughters of former Rollins students. Left to right they are: Heather McFarlin, daughter of John McFarlin '36; Sandy McLeod, daughter of the late Mary Kinser McLeod '33; Mary Ann Tone, daughter of Frederick and Betty Childs Tone '34; Sharon McDonald, daughter of Howard A. '29 and Georgina Jefferys McDonald '32; James Lindamood, son of Betty Beyer Lindamood '36; Peggy Bingham, daughter of Anita Cross Bingham '30, and Suzanne Gheen, daughter of Jean Wilcox Gheen '36.

"Because of my position it is my responsibility to share with you my personal convictions," he said, "and I will now do so.

"Central Florida should have an institute of technology, one of quality and distinction. Associated with it should be an institute for space science.

"Rollins' extensive reference library, its administrative organization and its distinction in the educational world all point to it as a logical instrument through which to create these institutions and give them the stamp of quality.

"I see no reason why Orlando should lag behind Miami which has put millions of dollars into its distinguished university, or Sarasota which is now in the process of raising \$15 million for its new undergraduate college, or the Tampa-St. Petersburg area which recently gave approximately \$3 million to the Presbyterian College.

"We should consider other factors, too," McKean said.

"Our country may not yet be at war, but we certainly are at something. Whatever it is we must win it decisively.

"Coexistence means tension, billions spent on hellish devices, and waiting for some low-grade mentality to decide when to bomb us.

"This country must be strong. We should leave our coexistence philosophy behind us and take a vigorous offensive in the ideological struggle. The ideals of responsible citizenship and freedom for the mind must spread over the earth. Communism must vanish. This can be done most effectively without violence.

"Russia's rulers see the importance of the race for knowledge. Knowledge is a powerful weapon any time. It may be the deciding factor in this present conflict. Luxuries, detergents, refrigerators, air conditioning and speeches

will not give this country and our allies the victory we must have. The ability to defend ourselves, dedication to our ideals, determination to learn the new knowledge faster than our enemies, and a determination to see freedom triumph will give us eventual victory.

"What knowledge will come from Rollins' new space science institute?

"That will depend on who comes here to work. No one except possibly the Russians knows what gravity is, or how to control it. We do not know how to travel to the stars. We do not know who else lives in the Milky Way. We do not know what cosmic rays are. The origin of the solar system is a mystery. Looking for the answers to the riddles of the universe is an important and rewarding adventure. We must not let Russia lead us in the race.

"What does the future hold for Rollins and for Central Florida?

"As I look out into the years ahead, I can see a distinguished research institute in the mansion Martin and Gracia Andersen gave the college last year. I can see an institute of technology on a campus of a thousand or more acres lying somewhere to the east. I can see possibly another school fulfilling yet another need and lying somewhere in the rolling hills to the west. Not far to the north I see a school of fine arts.

"In the center, physically and symbolically, is Rollins College, dedicated to 'the Christian education of youth.'

"Man will eventually reach the farthest stars in the Milky Way, and possibly the galaxies beyond. But he will take with him his human nature with the built-in problem of how to live a good life, good in the sense that it is colored by virtue and faith rather than evil and violence.

"The liberal arts college must always be the cornerstone of Rollins' plans for the future because it is irrevocably dedicated to the ideas of man living in harmony with his Maker."

ALUMNI CLUB GROUP MEETINGS HELD IN THREE AREAS

Meetings for Rollins Alumni have been held in three areas this fall, Atlanta, Washington and Chicago. Clubs have been reactivated in Atlanta and Chicago and a group of Alumni in Washington are reorganizing the Alumni in the area.

The meetings in Atlanta September 8 and Washington, October 9, were attended by President McKean, Eva Thompson Carson '26, president of Rollins Alumni Inc., Frank Williamson '48, Alumni member of the Board of Trustees of Rollins and Jack Redding '48, who has been pushing the Field House campaign in the southeastern area.

At the Atlanta meeting the following officers were named: Trammell Whittle '49, president; Fred Hartley '49, vice president; Jeanne (Volkert) Eastwood '48, secretary. Approximately 60 Alumni attended the dinner which Frank Williamson gave at the Atlanta Athletic Club.

Bernie Bralove '34 was host to the Washington area Alumni at a dinner meeting at the Shoreham Hotel, assisted by Dottie Aubinoe Griffith '48 and Jane Freeman '49. Forty Alumni from the area attended. A Rollins Alumni organization for that area is being set up and a personal solicitation campaign for the Field House Fund is planned.

In Chicago, Paul Thoren '17 organized a Dutch Treat Dinner meeting at the Knickerbocker Hotel and was assisted by the newly elected officers of the Chicago group. They are: David Jaffray, Jr., '55 president; Donald Weber '54, James Robinson '55 and Ralph Seidel '55 vice presidents. Richard and Sarah (Brenner) Kay are co-treasurers and Mary Ann (Norton) Seidel '57 secretary. Edgar P. Overstreet '57 and Richard H. Baldwin '52 make up the entertainment committee.

Officers of the Chicago Club are planning another meeting soon to formulate plans for the Field House campaign in the area.

As this issue of the Record goes to press a meeting has been scheduled in Jacksonville for the evening of December 8. A dinner is being planned for Alumni in and near Jacksonville just preceding the basketball game between the Tars and Jacksonville University. William Scheu '39 is in charge of the arrangements. Complete information will be sent to all Rollins Alumni in the area before the meeting.

Plans are being made to extend the organization of Rollins Alumni Clubs to all areas where the concentration of Alumni will make it possible. Alumni House is anxious to cooperate with Alumni groups everywhere in organization work and the full facilities are available. Just let us hear from you.

SPORTS PICTURE

SOCCER

The Tars won the first three of their eight game schedule by defeating Emory University 6-2 in the opener on October 8. The following week they won over Florida Southern by 3-1 and took a fast, hard fought win from Stetson by a 3-2 count in the third game of the season, Oct. 20. They will meet U. of F. at Gainesville, Florida Southern at Lakeland, Stetson at DeLand. Two games with Miami will close the season, one at Winter Park Nov. 17 and at Miami Nov. 23. Miami has taken a place in the Florida conference, replacing Jacksonville U., which has dropped the sport.

JUSTICE NAMED

Athletic Director **Joe Justice '40** has been named sports chairman of the Atlantic Coast Region of the college division of the NCAA. As sports chairman he will be responsible for arranging all college division athletic tournaments for the NCAA in this region for the 1961-62 year.

BASKETBALL

The varsity basketball squad will open a 21 game schedule at the Winter Park High School gymnasium Saturday night, Dec. 2, when they meet the team from Huntingdon College of Montgomery, Ala. In addition they are scheduled to play in two invitational tournaments—the Citrus Invitational at Lakeland, Dec. 11 and 12, and the Hatter Invitational at DeLand Dec. 15 and 16. Eleven games will be played at home.

Coach Dan Nyimicz has some promising new material in four freshmen who are more than 6-3 tall. Of the 24 men expected to try out this year only three are lettermen. Five experienced non-lettermen are back from last year's squad and Coach Nyimicz expects a great improvement over last year.

CLASSIFIED INFORMATION

A number of friends called to honor **Stella Waterhouse** on her 90th birthday, Aug. 28, 1961. She has lived in Maitland, Fla., more years than any other living person. It was through her efforts over a period of 30 years that the Maitland Public Library survived.

THEATRE PROGRAM

Two great American dramas, a British musical, and a French comedy will be produced in the 1961-62 year by the Rollins Players, marking their 30th anniversary season.

The College actors under the direction of Robert Chase will open the Annie Russell Theatre season Nov. 14-18 with "Thieves Carnival" by Jean Anouilh. This farce, in the style of "An Italian Straw Hat," is a hilarious comedy about pick-pockets and aristocrats.

The stage adaptation of Thomas Wolfe's "Look Homeward Angel" will be presented Jan. 30-Feb. 3. This will be the first drama directed at the college by a new member of the Theatre Arts Department, Eugene Miller, who has acted and directed in the professional theatre across the country. The Pulitzer Prize play starred Rollins' own **Tony Perkins** in the Broadway production.

"A Streetcar Named Desire," Tennessee Williams' most powerful drama, will be staged from March 6-10.

Miller will team up with musical director Robert Hufstader to present the musical comedy, "The Boy Friend," from April 24-28. This spoof of the 1920's was a hilarious hit in both London and New York, and it has since delighted audiences in theatres all over the country.

Season tickets for the four plays will be the price of three, or a savings of 25 per cent. Subscribers will also receive opportunity to obtain the choicest seats to the Readers' Theatre or to any special event during the year, such as last season's "A Song for Rollins."

'10 **SECRETARY: Marguerite Doggett**, 119-20 Union Turnpike, Kew Gardens, L. I., N. Y.

'15 **Jack Shannon** is presently director of the North Salem Improvement Society and is active in the civic life of the community. He says the "latch string is always out to old friends" at their delightful old home. His address is Dongle Ridge Farm, North Salem, N. Y.

Your secretary was interested in the account by **Anne Stone**, concerning retirees of the class of '18. Congratulations, Anne et al. It is my humble opinion that live wires that we profess to be do not really retire. We change status, and I can visualize each of you living as busy a life as ever. It will be a more relaxed busyness, and you will enjoy it.

To demonstrate my point I shall name a few of the things I do. I teach, without contract, a class in Latin in the T. DeWitt Taylor High School and supply for the Lutheran pastor in his absence. I am president of the Lutheran Brotherhood, chairman of the zoning board, secretary pro tem of the Northwest Volusia Chamber of Commerce, past president of the Lions Club, and an active member of the Beeps Club (an organization promoting the interests of the public school).

We moved into a new home last December, so with taking care of our 200 by 290 lot, with an added assortment of activities, I am a busy retiree.

Will other members of the class of '20 please write me something about yourselves.

As most of you know, Ruth Cole Russell passed away August 24th. Ruth was able to attend her son's graduation from college, and fought a good fight to the end. Our love and sympathy is with Cloyde in his great loss.

During the summer Barbara Daly Graham spent her vacation in the hospital under an oxygen tent for a heart condition. She was able to return to her work in the Rollins Library for a short time, but had to return to the hospital for a complicated disorder. Our best wishes for a complete and speedy return to health.

Our Class is now represented on campus by three girls: Catherine Lloyd whose mother was Helen Cavanaugh, has returned for her second year; Abigail, daughter of Ralph Lasbury; and Peggy, daughter of Anita Cross Bingham.

While your Secretary was in Nassau in July Frances Porter Williams came with her daughter who, she hopes, will enter Rollins in another year or two. It was a great disappointment not to see them but she did have a good look at the campus and saw some other friends.

When you plan to drive around Europe ask Louise Howes Duckworth about the joys of a rented car! They met their son in Italy when his ship docked and then visited art galleries, took in concerts, etc. Louise could not say enough about the wonderful help and kindness of Gottfried Dinzel while they were in Vienna.

AND A NEW BOATHOUSE BUILT

They lived in Spain for a year (Sitges); Martin says he's "ready to go back at the drop of a peseta." Doubleday is publishing his next novel, *A GOD FOR TOMORROW*, his fifth with the same publisher, in November; it's an entertainment-chase kind of novel about present-day Berlin. The last one, *O SLEEPING GIANT*, had a Florida background and a couple of studios are interested in it. Alan Ladd made *THE DEEP SIX*, which has gone into seven languages, some years back. Joseph Mankiewicz bought *SHOWCASE* but hasn't made it as yet. Martin is west coast editorial scout for Bantam Books and conducts a novelist's workshop at UCLA.

Pat Williams Polgar (Mrs. Thomas) wrote that **Tenna Head Pomper** (Mrs. Anthony W.), her husband, mother-in-law and two handsome children visited the Polgars and their three children in Hamburg last May.
